5544 Century 21 blvd. APT#164 | 813-294-4193

[Ericsqitieri1@gmail.com](mailto:Ericsqitieri1@gmail.com)

Loyal and dedicated to every company I work for. Computer Science student at UCF with foundational skills in C, C++, HTML, and CSS, seeking to leverage retail and technology experience in a junior software development role.

## EXPERIENCE

05/01/2022 - 08/05/2022

### INTERNSHIP AT SOFWERX

Assisted in prototyping augmented reality solutions for soldier situational awareness. Applied Python, Java, and ROS (Robot Operating System) in development tasks, gaining practical experience in software engineering and rapid prototyping. Collaborated effectively with a multidisciplinary team, improving communication and project delivery.

10/16/2020 [BREAK FOR INTERNSHIP] – CURRENT

### ADVISOR & PRODUCT FLOW, BESTBUY

Managed the end-to-end process of receiving and dispatching products, ensuring timely stock replenishment and efficient handling of online orders and product carry-outs. Played a pivotal role in managing customer contracts, warranties, and transactions, fostering trust and reliability. Excelled in developing and maintaining expert knowledge of the latest technology products and pricing plans, such as detailed specifications of the newest technologies, to enhance customer service and engagement. This strategic approach significantly contributed to building lasting customer relationships, encouraging repeat business and loyalty.

2017 – 2020

### SHIFT LEAD, TWISTEE TREAT

Managed cash drops from the register and assisted in developing soft skills and problem-solving customer service skills. Led team to resolve customer service challenges, improving service delivery and operational efficiency.

## EDUCATION

2021-CURRENT

### COMPUTER SCIENCE, UNIVERSITY OF CENTRAL FLORIDA

Currently enrolled in a Computer Science degree, it has helped me learn different coding languages like C, C++, HTML, and I've picked up the foundations of Python as well. College has also forced me to be an adaptive learner so I can pick up skills quickly.

2016-2020

**HIGH SCHOOL DIPLOMA, EAST BAY HIGH SCHOOL**

Graduated with a 5.4 (weighted) GPA computer science piqued my interest with an Advanced Placement Computer Science I course.

**SKILLS**

- Foundational knowledge of HTML, C, Java, and other coding languages.
- Designed and developed websites for projects and communities.
- Technical skills: tinkering with hardware, robotics.
- Team-player who can also work independently.
- Excellent verbal and written communication skills.
- Eager to grow within the company

**ACTIVITIES/INTERESTS**

- Website development extracurricular activity held by East Bay – 2019
- Robotics club member – Fall 2021-Current.
- Huge interest in A.I. coding.
- 3D printing.
