Ericsquitieri1@gmail.com

Loyal and dedicated to every company I work for. Computer Science student at UCF with foundational skills in C, C++, HTML, and CSS, seeking to leverage retail and technology experience in a junior software development role.

EXPERIENCE

10/16/2020 – CURRENT
ADVISOR & PRODUCT FLOW, BESTBUY

Managed the end-to-end process of receiving and dispatching products, ensuring timely stock replenishment and efficient handling of online orders and product carry-outs. Played a pivotal role in managing customer contracts, warranties, and transactions, fostering trust and reliability. Excelled in developing and maintaining expert knowledge of the latest technology products.

2017 – 2020
SHIFT LEAD, TWISTEE TREAT

Managed cash drops from the register and assisted in developing soft skills and problem-solving customer service skills. Led team to resolve customer service challenges, improving service delivery and operational efficiency.

EDUCATION

2021-CURRENT
COMPUTER SCIENCE, UNIVERSITY OF CENTRAL FLORIDA

Currently enrolled in a Computer Science degree, it has helped me learn different coding languages like C, Python, HTML, and I've picked up the foundations of Java as well. College has also forced me to be an adaptive learner so I can pick up skills quickly
Passed UCF Foundation exam 80%.

2016-2020
HIGH SCHOOL DIPLOMA, EAST BAY HIGH SCHOOL

Graduated with a 5.4 (weighted) GPA computer science piqued my interest with an Advanced Placement Computer Science I course.

SKILLS
